

SEA2024 Call for

Symposia/Lunch Sessions/Special Sessions

We hereby invite proposals from colleagues who are interested in organising a Symposium, a Special Session, or a Lunch Session at the SEA Scientific Meeting 2024 in Granada.

Session organisers should not count on financial support from SEA for attending the conference, neither for themselves nor for their invited speakers. Registration fee waivers and/or travel grants will be available on request and treated equally with the other applicants. Organisers must inform their invited speakers of this policy.

(*: field is compulsory)

Email of the contact person*

Session type*

Session title*

Thematic area (within SEA sessions, can be more than one)*

Summary of the goal(s) of the session*
